THE CHARLEROI MAIL

VOL. XIII. NO. 2 — CHARLEROI, WASHINGTON CO., PA., WEDNESDAY, JULY 16, 1913 — ONE CENT

OPENING SEPT. 8

School Date Decided Upon by the Local School Board

CROWDING IS CERTAIN

School will be started on September 8 according to the decision of the school board taken at their meeting Tuesday evening. It will be started under some difficulties, owing to the fact that the new school building on the hill will hardly be completed by that time, and considerable crowding will be necessary. Prof T. L. Pollock will have hard problems to solve in arranging to locate for new pupils until the opening up of the new building, but will make arrangements something after the plan of last year.

One thing that he and others of the faculty will have to decide is how to care for the high school commercial students who will be admitted this term. It is expected that high school will furnish a good sized class for the commercial department, and until the new commercial room in the new building is in shape the department will simply have to be crowded in somewhere.

The board elected one principal. This was Miss Edith Woodhall. She will be stationed at the Ninth street school bulding.

Action was taken to give the superintendent of schools, T. L. Pollock a vacation and he will be at liberty to go at the time he selects.

George S. Might, the local dealer was given the contract for supplies, such as pencils and tablets. A contract was awarded to a Pittsburg firm for installing a regeulation of heating systems to be installed at street school building.

J. A. Langdon, architeect for heating systems to be installed at the Fifth street and the Second street schools was present and showed plans. Bids will be received within a short time.

RALLY TO BE HELD AT BELLE VERNON

A group rally of the Monongahela group of Baptist Young Peeople's Unions will be held in Belle Vernon on Friday night of this week. A program has been mapped out for the event. An address is to be made by J. C. Nichols on the subject "What is a B. Y. P. U. to a Church?" A debate is to be a feature on the subject "Resolveed, war is more destructive than intoxicating liquors."

ROSCOE AND FAYETTE SCHOOLS PICNICING

A good sized crowd is at Eldora Park today from Roscoe and Fayette city to enjoy the annual picnic and outing of the St. Joseph's congregation of Roscoe nd St. Eusebius congregation of Fayette City. Somewhat elaborate arrangements were made for the event. Special cars were run early this morning carrying picnicers to the park. Rev. P. Maher, who is the pastor in charge of both churches with committees is looking after the details of the outing.

One Killed In Accident

Two Are Seriously Injured When Auto Overturns--"Bob" Abraham Hurt

When the automobile in which they were riding on their way home from Cleveland to Pittsburg struck a rut and rolled over in the road between Petersburg and Enon Valley Tuesday afternoon, Charles P. Neff, aged 30 of Wilkinsburg was hurt so that he died later, Robert Abraham, aged 33, of Uniontown and George F. Beltz aged 30 of Pittsburg were injured. Neff had his skull fractured. Beltz sustained a badly lacerated scalp and Abraham had his head injured and suffered a fractured right arm. Abraham is well known along the Monongaela valley, being a Pennsylvania Railroad conductor.

BAPTISTS TO HOLD PICNIC

Churches of Monongahela Valley to Join in Outing at Eldora Park

PLANS ARE FORMULATED

The Baptist Sunday schools of the Monongahela valley, including all from Library to Belle Vernon inclusive, will hold a picnic at Eldora park on Thursday, July 31, and elaborate arrangements are being made for the affair. At a meeting in Monongahela Tuesday eveening the date for the event was selected and matters discussed relative to arrangements.

The picnic will be one of the first valleey outings ever held at the park and will be somewhat of an experiment. If successful it is likely picnics will be held annually of the kind.

A transportation committee was appointed to consist of one member from each of the Sunday schools represented. Sheridan Roberts of Monongahela was named chairman of a sports committee and a speaker's committee was named. It is the intention to have a band at the park on the day of the picnic. Two speakers will likely be secured.

The Sunday schools that will be included in the picnic arrangements will be Library, Riverview, Monongahela, Donora,, Monessen, Belle Vernon and Charleroi.

A BARGAIN TO QUICK BUYERS

I have a bargain in three story business house and dwelling on Fifth street for a quick buyer. Also one lot on McKean avenue between Fifth and Sixth street which will be sold cheap to a quick buyer. Terms made known by inquiring at office of J. C. McKean, Bank of Charleroi building. 300-t3

Sale of All Sales.

NEW LAW IMPORTANT

One Elector Permitted to Sign But One Candidate's Petition

IS RADICAL CHANGE

The candidates for municipal officers will find some changes in the primary act, which has just been signed by the governor, which it is important for them to know. Under the old act a qualified elector could sign the petition of as many candidates for a given office as he desired. Under the new set an elector's name can only appear on one man's petition for any given office.

Each candidate must secure the names of ten qualified electors to his petition of the party for which he seeks the nomination. He must make an affidavit to the correctness of the signatures.

If the governor signs the party enrollment law, the best and perhaps the only evidence of the qualification of a party elector would be the register's enrollment list itself which must be completed at least 45 days before the primaries.

Another change from the last primaries is that which makes it impossible for the voters of any precinct to get together in the form of a suggestion meeting and sign one petition for all the different candidates. Each candidate must have a separate petition signed by ten electors, although these electors may be the same persons, where the candidates are for the differeent offices.

SAMUEL M'DONALD, AGED 63, DIES; HAS A SON HERE

Simon Huston McDonald died Tuesday evening at his home near Buffalo in Hopewell township. He was 63 years of age and his death was due to organic heart trouble. Mr. McDonald was born in Richhill township Greene county, where he resided in his younger days. In 1876 Mr. McDonald was united in marriage with Miss Manty Nickeson of Richhill township. Shortly after his marriage Mr. McDonald moved to West Finley township, wheere he moved to Hopewell township. Most of his life was spent in farming but for more than six years he carried the mails between Jacktown, Nineveh and West Alexander. Mr.McDonald was a member of the Enon Baptist church.

Mr. McDonald leaves his wife and six children: John McDonald of Charleroi; Herschel McDonald of Hopewell township; Frank McDonald of Nineveh; Clyde McDonald at home; Mrs. Lucy Andrews of Wellsville, O., and Lizzie a married daughter residing near Buffalo. He was a near relative of Borough Clerk Ira L. Nickeson.

Funeral services will be held at the McDonald home on Thursday at an hournot yet fixed.

Lewis Wentz Hurt.

Lewis Wentz, one of the veteran employes of the Hussy-Binns Shovel company is suffering from injuries sustained Sunday when he fell from a freight train he was crossing to go to work.

PLANNING INSTITUTE

Tri City School Meet Will Not be at New School Building

EDIFICE NOT READY

When the tri-city school institute is held by the Charleroi, Monongahela and Donora schools at Charleroi the first week of September, a church or an available hall will have to be utilized. It was thought when the arrangements for holding the institute in Charleroi were perfected that the new school building on the hill would be finished in time to permit of the institute being held there. Now the information is given out that the new building will hardly be completed before the first of October, a month too late for institute purposes. It is understood that the committees in charge of the institute have practically settled upon a church as the best place. The program for the affair has practically been arranged.

SEARCH STARTED TO FIND FORMER LIBRARY RESIDENT

Who knows anything of the whereabouts of Samuel Eslin? Information is being sought by relatives, who are of the belief the man met a violent death in the county several yeears ago. Coroner James T. Heffran has received a letter asking him to look over the records of his office and the authorities of Allegheny county have also been appealed to. In neither county is there a record of the death of a man by that name. The letter to Coroner Heffran follows:

Library, Pa., July 9, 1913.

Coroner—Kind Sir:

Can you give me any information about a man that was killed on the railroad near Noblestown; as near as I can learn it was 7 or 8 years ago. The man that I am looking for was about 75 years old. He was tall, high cheek bones, large, blue-gray eyes, his hair was of a light brown shade—he wore it cut straight 'round; he never had his hair shingled. He had a mustache and chin whiskers; a Virginian by birth; his name is Samuel Eslin. His sister is an old lady; she wrote to me to find out for her; he has a good lot of money and she wishes to get the estate settled up and divided among the heirs. The way the people think he is dead and that it was him he had loaned the money to some of the people here; he was prompt to come for the interest; he has not come to collect any interest for several years.

Please write and give me all the information you can or if you have the pictures could I get to see them? I was at Pittsburg but learned nothing there.

Mrs. J. E. Phillips,
Library, Pa., R. F. D.

FOR SALE

An ideal location for residence on Washington avenue, one of the best in town. Now is your chance if you want to live on Washington avenue. Cannot beat it. For full particulars inquire of J. R. Blythe & Son. Might building. Both 'phones. 300-t3

Ask Street be Put in Shape

Council Enjoins Charleroi Water Company to Hasten Lincoln Avenue Work

Council embodied instructions to the Charleroi Water company to put Lincoln avenue in shape in a motion passed Tuesday night at an adjourned meeting. The water company is completing the work of laying a new main on Lincoln avenue having but little work yet to do. Council desires that the sidewalk be cleared of dirt and the street put in passable shape.

FAIR DATES ANNOUNCED

Sandy Plains to be the First of Several to be Held Next Two Months

GOOD RACES PROMISED

Dates are being announced for fairs to be held in Western Pennsylvania, Ohio and West Virginia. The first fair will be that at Sandy Plain on July 29, 30 and 31, when good racing is promised. Other fairs will be: Morgantown, W. Va., August 5 to 8; Belle Vernon, August 12 to 15; Youngstown, Ohio, August 19 to 22; Waynesburg, August 26 to 29; Washington, September 1 to 4; Wheeling W. Va., September 8 to 12; Youngwood, September 9 to 12 and Carmichaels, September 23 to 26.

Events are announced for Sandy Plains as follows: Tuesday, July 29, running race, 4 1-2 furlongs, $100; running race, 6 1-2 furlongs, $100; race for horses never before started for money (mixed.) $200; colt race, 3 yecars old anr under (mixed) $200.

Wednesday, July 30, 2:30 pace, $200; 2:20 trot, $250; 2:17 pace $250; mile running race, $100.

Thursday, July 31, 2:30 trot. $200; 2:15 trot, $300; 2:13 pace $300; 3-4 mile consolation race for running horses not winning first or second money in former races, $75.

THE TRIP TO PONY LAND

Yesterday for 20 or more boys was a delightful outing. The contestants saw the best pony herd in the country. The boys must not think because the girls didn't go they are not in the game. They will be dangerous competitors, so hustle. We have published names of contest merchants and now we will publish names of contestants. The boys and girls that are hustling. Leave your names with Charleroi Mail office for Friday and they will be published. Then your friends will know who to save tickets for and will help you. Get your names in and see them in print. Then get out and let your friends see you hustle. This is no cheap outfit, but you can get it cheap. The buggy can be seen at Farmer's Supply Co., 313 Fifth street. The winner will get choice of a number of ponies. What can be more liberal or fair. This is the first chance the children have had to get such a valuable prize so easily, and somebody will get it. Who will it be? 2-t1

CLOSING HOUR SET

Pool Rooms and Amusement Places Must Quit at Midnight

ORDINANCE IS PASSED

By an ordinance in effect now, having been passed and approved by the mayor, which took effect last night, all bowling alleys, billiard and pool rooms, public dance halls and public amusement houses where admissions are charged within the borough limits will be compelled to close promptly at midnight every night of the week. The law is one that civic workers have been endeavoring to get thorugh for some time, and is one of the most important actions taken by council at their adjourned meeting of Tuesday night.

The ordinance was presented by the ordinance committee, though it is understood that it was originated outside of that body. It passed first and second readings and the rules were suspended that it might be rushed through on the same night. Then President W. R. Gaut of council and Burgess George W. Risbeck affixed their signatures, with the attests of Borough Clerk Ira L. Nickeson, making the ordinance a law.

The regulations imposed by the new ordinance are that it shall be unlawful for "bowling alleys, billiard rooms, or pool rooms, public dances or dance halls or public amusement houses where admission is charged to be operated, run or kept open for business between the hours of 12:00 o'clock midnight and 7:00 o'clock a. m."

Twenty-five dollars of a penalty is provided for violation of the ordinance. It is asserted that in the past pool and billiard rooms and other places where people congregate have been kept open until early in the morning. Complaints have been made.

The ordinance as it was passed has not been taken to mean that private dances must be discontinued after midnight, but that public events where admission is charged are to be affected.

Borland's Store.

Will hold the biggest bargain sale ever known in the valley. Monongahela, Pa. See advertisement. 2-t1

LEAVES ON EXTENSIVE TRIP THROUGH EAST

L Collins, the Fallowfield avenue clothier has left for the east to purchase stock for his new department store which will be open for business September 1. During his visit which will be for fifteen days, Mr. Collins will be in New York, Boston, Baltimore, Philadelphia, Buffalo, Rochester and Cleveland. The stock which will be purchased by Mr. Collins will consist of millinery, ladies suits, coats, waists and children's ware and will be of the highest quality. Mr. Collins' experience in the clothing business enables him to be a good judge of quality and when his new store is opened to the public they can rest assured that whatever their purchases may be they will get the full benefit of the money expended.

Everybody Going.

THE VALUE OF A SEALER.

Advance figures of the first annual report of County Sealer O. Evans Mikesell are being published this week. Approximately 7,000 pieces of apparatus in Washington county weere tested by Mr. Mikesell, and because of his efforts he has won general commendation. The following is the editorial praise given him by the Washington Observer:

"One year ago when a Sealer of Weights and Measures was appointed for this county by the board of commissioners there was some apprehension as to the advisibility of the county adding this expense to the conduct of its administration.

"It was believed by some that there was not sufficient fraud from the giving of short weights and measures as would justify the expense in the creation of such a department and the salary of a sealer.

"The year's record, as shown in the preliminary report by Sealer O. Evans Mikesell however, more than justifies the action taken by the board of commissioners and vindicates their judgment of the need, as well as the service rendered by the sealer himself.

"That an immense amount of work was done the reportshows conclusively and it is even more remarkable from the fact that the position was new to the appointee, that he was greatly limited in his expenses and that there was a certain antagonism to him on the part of many, where there should have been co-operation and where there will be in the future.

"That over 33 per cent or more than one-third of all apparatus tested, was found to be short shows pretty conclusively that there was need for an inspection and that the consumer has benefited as the result of it.

"Just how much has been saved to the people of this county through the work of this office of course cannot be definitely calculated in dollars and cents. Undoubtedly it amounted to many thousands of dollars. The people themselves in various parts of the county testify to this fact. They known that theey are now getting in most instances the amount of goods they pay for; before theey were not certain and at least one man in every three was being cheated, perhaps not intentionally but his was the loss just the same.

"A public office which renders public service is worth while. And when it has been of benefit to the people, its work should be so enlarged and such co-operation should be given that will make it of even greater service.

"Undoubtedly the office has been handicapped on account of the lack of facilities to go further into a complete inspection of all weights and measures which come under the jurisdiction of this office. It should be possible in the future for this office to render greater serevice and having justified itself and more, in the last year the taxpayers will not complain of the scope of the work is shared.

"The Observer is gratified to know that the office has been of value to the people and that it has been conducted in such a way as to reflect credit on the Sealer as well as on those who are responsible for its creation and its maintenance. The special endorsement given by the state and national bureau of the work in this county, speaks well for the county and gives it a unique distinction in a movement which is new instead in its scope and importance."

PICKED UP IN PASSING

The other day a young woman who is popular among the younger set received a call over the phone from one of her girl friends.

"Oh, ———, can you help me?" came the query in an anxious voice over the wire.

"Why, I don't know dear. I hope I can. What is it."

"Simply this. I would like to know where you got your white dress done up so beautifully. You know the one you had on the other night. I think it was just too nice for anything, and I would like to get a dress done up the same way."

"You want to know who irons my dresses? Well I don't know that I mind telling you."

"Oh, goody, who is it."

"Why I do my own."

"Oh-o-o-o. Well, I'm sorry I troubled you. O f course, I couldn't ask you to help me. O h, I wish—" and her voice trailed off into a disconsolate sigh.

"Well, thank you. Good-bye."

"Good bye."

Mark Twain did not cherish a fondness for the average office boy. He had an idea that the genelus was insufferable, and invariably w hen the humorist sallied forth into some business office there was immediate armed hostility between him and the boy.

One day Mark went to see a friend at his office, and the office boy on guard in icy tones, said:

"Whom do you wish to see?"

Mark mentioned his friend's name.

"What do you want to see him about?" came neext from the boy.

Mark Twain immediately froze up, and then with a genial smile he said:

"Tell him, please, I want to ask his hand in holy matrimony."

ELECTRIC SPARKS

They are considering teaching the running of automobiles as a cure for insanity. Automobiling is pretty generally believed to be a cure for sanity.

* * *

An exchange remarks that the Tenth Regiment was at Erie, although some of the Pittsburg folks couldn't see it. But don't take it so to heart. Whenever Pittsburgers get out into the bright sunlight their eeyes hurt so they have to wear fogged glasses and then they can't see.

UP THE RIVER

Contracts for New Buildings.

Contracts have been signed by the Belle Vernon Construction Co., with Dr. G. E. Nickel and T. G. Brown for three dwelling houses to be erected in North Belle Vernon at once.

Shoot Craps in Public.

It is stated that on a recent Sunday night on Main street, Belle Vernon right under the glare almost of an arc light about 12:30 a crap game was participated in on the porch of the burgess' place of business. They took advantage of the lone policeman who was on duty and on his round in another portion of the town.

To Picnic at Eldora.

Wednesday, August 6, has been set as the date for the Belle Vernon picnic and outing at Eldora Park. The arrangements are under the management of a committee of seventeen, chosen by the different Sunday schools and the civic league.

School Board Elects Officers.

At a meeting of the Belle Vernon school board held on Monday night S. S. Jones was elected president and W. W. Luce secretary, T. G. Brown and J. K. McIlvain declining a re-election to the offices. The First National Bank and the Valley Deposit and Trust Co., were re-elected treasurers.

Had a Run of Hard Luck.

Lewis Gilleland, Jr., of Fayette City appears to be having more than his share of trouble lately. He chanced to be one of those who became ill after drinking buttermilk and had sca cely recovered when he was kicked by a horse. The latter injury inflicted an ugly wound that required the attention of a physician. Lewis has been on crutches since the accident.

Will Have New Theatre.

A new moving picture theatre is in embryo for Roscoe. The Golle building is to be remodeled and a very fine interior to be placed in for the accommodation of a large crowd.

Election Contest Promised.

A hot primary election contest is promised at California. A burgess, five councilmen, two school directors, assessor, tax collector and auditors are to be chosen. No candidates have yet announced, but there are prospects for plenty of them at the proper time.

Wants New Auditors.

Owing to the failure of the regular auditors to make the borough audit at the proper time the California council passed a resolution to petition the court to appoint M. J. West, Leslie Hornbake and Edward Wiley to audit the public accounts.

506 Pupils Enrolled.

An enrollment of the school children of East Bethlehem township has just been completed and the total number of the four schools numbers 506.

Recording Finger Prints.

Hitherto it has been customary in following up criminal clews, to make a permanent record of finger prints by photographic means. This method, however, has a number of obvious disadvantages. Thus, for example, cases arise in which the finger print to be recorded is not accessible to an ordinary camera. Or again it may be located upon some rounded surface which cannot be properly focused. Dr. Heindl describes one or two new methods which overcome these difficulties. The first method consists in dusting the impression—which is always more or less greasy—with some colored powder, and then expressing against it a paper treated with a mixture of fifty grams wax, fifty grams paraffin, and twenty drops of glycerin. An excelent inverted copy is thus obtained, and as the paper is entirely flexible any kind of a surface can be thus treated. The second method makes use of photographic gelatine paper in place of that prepared as above.

Bad Men Feel Pain More.

Does a bad man feel pain more than a man who leads an honest life? It has been stated apropos the decision of the British house of commons to punish white slavers by flogging, that by a happy provision of nature the skin appears actually to become more sensitive as the moral sense becomes deadened. A doctor said that as a rule those who are criminally inclined bear pain or bodily suffering of any kind extremely badly. Men who are quite hardened on the moral side of their character seem to get more self-conscious about their physical feelings than ordinary men do. A man who is morally lax leads a loose life and destroys his nervous system. He feels pain much more acutely than a man of average temperate habits and a clean conscience.

Until a short time ago, scarcely one person in a thousand had ever tasted a really good soda cracker—as it came fresh and crisp from the oven.

Now everybody can know and enjoy the crisp goodness of fresh baked soda crackers without going to the baker's oven.

NATIONAL BISCUIT COMPANY

SOCIETY AND PERSONAL

An Italian from out Maple creek was taken to a Pittsburg hospital Tuesday evening. The police auto was called into service to bring him into town.

Misses May and Ethel Barth and their guests, Miss Maud Wagner and Miss Ody Nicholson of Cumberland, Md., went to Braddock Tuesday afternoon to visit releatives.

Mrs. C. M. Malcolm and daughter have gone to Cadiz, Ohio to visit relatives.

J. B. Brannagan, former postmaster of Charleroi, who is engaged in the glass business in Los Angeles, Cal., after spending a few days in the east on business has left on his return trip.

C. E. Piper went to Greenburg today.

The Sunday school class from the Methodist Episcopal Sunday school taught by Miss Myrtle Murray with a few friends took a trip into the country near Twilight Tuesday and enjoyed a picnic.

Miss Esther Connelly has left on a vacation trip to Conneaut Lake and other points.

LET US KEEP YOUR CASH ACCOUNT

Don't bother with a cash account and pay out money constantly in small amounts without taking a receipt—it's too much trouble and you are liable to lose track of a number of these small expenditures.

You can facilitate matters by having a checking account with this bank and pay your bills and make your purchases by check. Your checks are undisputable receipts and they furnish you with a record of every business transaction—and the bank keeps your cash account.

BANK OF CHARLEROI

Charleroi, Pa.

ELECTRICITY TO AGE CHEESE

Hollander Announces Complete Success of Most Important Experiments He Had Undertaken.

Another use has been found for electricity, that of aging cheese. An industrial electrician of Rotterdam, Holland, through a long series of experiments found that he could take an absolutely fresh cheese and in one day actually "age" it two years. In other words, by means of electricity he would make this fresh cheese have all the consistency, taste and appearance of a fine cheese that had been stored away and carefully aged for two years.

He takes a fresh cheese and subjects it to an alternating current. At the end of twenty-four hours of constant alternating electrical currents through this cheese it possesses all the properties of a fine two-year-old cheese.

This has naturally aroused great interest in Holland, where cheese-making is one of the big industries. It is said the electrician claims he can do many other things with cheese by means of electricity, including an apparatus that will enable the manufacturer to so graduate and direct electrical action of this nature as to give cheese any taste desired and any consistency that may be needed to supply the wants of a fastidious market

Incendiary Bullet.

Tests nave been made in Germany with a special projectile which is intended to repel dirigibles and which is designed not only to pierce a gas envelope but also to set fire to the gas. This projectile, fired from the old German rifle known as "model 71," which has a caliber of 11 millimeters, is provided with little wings that open in flight under the influence of a spring, compressed while the projectile is still in the rifle barrel, but expanded as soon as the muzzle is passed. An ordinary bullet leaves such a small hole in an envelope that the gas escapes through it but slowly. The wings on the improvel bullet tear a hole of appreciable size in the fabric. What is more, they retard the bullet sufficiently to cause a friction device, to ignite fulminate contained in the bullet. It is said that experiments conducted at Neumannswald gave encouraging results.—Scientific American.

Lifeboats on Guide Rails.

Commander Eaton, R. N., has invented an interesting device for the lowering of boats at sea with the minimum of danger to passengers, which is now under the consideration of the board of trade, according to a London dispatch. Commander Eaton has devoted considerable attention to the subject and has a practical knowledge of boat work at sea.

His system is the provision of lifts down the side of the ship, so designed that the boat rests on a platform which slides down guide rails fixed to the ship's sides. The boats themselves swing on gimbals, so that no matter at what angle the ship may swing the boats remain upright and there is no danger of their being overturned while descending or of being dashed against the sides of the vessel.

Politics.

By placing the proper number of coins in the slot the political machine may be operated.

New Roofing Material.

A new roofing material is steel coated with lead.

English Humor.

He who laughs last is an Englishman.—Princeton Tiger.

NORTH CHARLEROI

Miss Zoe Hayes returned home to New Castle after visiting her cousin Mrs. George Kenyon.

COL. COULTER TO BE WEDDED SOON

Society is agog over the announcement of the approaching marriage of Miss Matilda Bowman, daughter of M. H. Bowman, cashier of the Second National bank of Uniontown, to Col. Richard Coulter of Greensburg, head of the Coulter interests in Westmoreland county, president of the First National bank of Greensburg and colonel of the Tenth regiment.

The Monessen man who shot his daughter and then himself was considerate enough to move away before he committed the crime. The queer part is that he found it necessary as far back as a year ago.

We can hardly agree that the cubist art is altogether confined to the futurists. The come-seven-come-eleven variety is bowed low with age.

AUDITOR'S REPORT CHARLEROI BOROUGH, DECEMBER 31, 1912.

We, the undersigned Auditors, respectfully report that we have audited the books of the Borough Treasurer, Tax Collector, and the Borough Solicitor and have compared their reports with the books of the Borough Clerk, for the year ending December 31st, 1912, and the following, in our opinion, is a true and correct statement of the finances of the Borough at the close of the year as shown by Trial Balance from the Borough Ledger.

A Serious Obstacle to Good Telephone Service

Get the right number—don't guess.

Perhaps you occasionally get the wrong number when you make a telephone call. Do you blame the Telephone Company?

Now is there any chance that you were wrong?

Many mis-directed calls are due to the subscriber speaking indistinctly or calling the wrong number. Memory cannot always be trusted.

When calling, speak distinctly, giving each figure of the number with clear enunciation.

And—first, last and always—consult the current issue of the Bell Directory.

See if this doesn't help.

The Bell System

AMERICAN TELEPHONE & TELEGRAPH CO. AND ASSOCIATED COMPANIES — ONE POLICY ONE SYSTEM UNIVERSAL SERVICE — BELL SYSTEM

Notice to Bridge Contractors.

Sealed proposals for the construction of the following County Bridges will be received by the County Controller at Washington, Pa., until 12 o'clock noon, July 21st, 1913, and opened at 1 o'clock p. m. of the same day. Proposal blanks and specifications are on file in the County Engineers' Office and will be furnished on application.

No. 1 Coal Bluff Arch over Coal Bluff Run in Union Township, is to be a reinforced concrete arch of 8 ft. span and 58 ft. long.

No. 2. The Central Avenue Bridge over the Chartiers Creek in Canonsburg is to have a new Creosoted wood block floor requiring 153 sq. yds. more or less of driveway and 117 sq. yds. more or less of sidewalk.

Each bid must be accompanied by a certified check in the sum of $200.00 or a surety company bond for $400.00.

The right is reserved to reject any or all bids

JOHN H. MOFFITT,
County Controller.
Chaney & Armstrong,
County Engineers.

Effective Home Remedy for Tuberculosis

It is a serious matter when the lungs are affected. A trip away or to a sanatorium is not only expensive, but it involves separation from home and friends. Some are benefited, but few can safely return. Eckman's Alterative is effective for home treatment. For example:

231 S. Atlantic Ave., Haddonfield, N. J.

"Gentlemen: In the fall of 1905 I contracted a very severe cold, which settled on my lungs. At last I began to raise sputum, and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alterative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now five years since my recovery has been effected, and I cannot praise Eckman's Alterative too highly. I have recommended it with excellent results."

(Signed) W. M. TATEM.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

THE CHARLEROI MAIL

VOL. XIII. NO. 2 — CHARLEROI, WASHINGTON CO., PA., WEDNESDAY, JULY 16, 1913 — ONE CE

OPENING SEPT. 8

School Date Decided Upon by the Local School Board

CROWDING IS CERTAIN

School will be started on September 8 according to the decision of the school board taken at their meeting Tuesday evening. It will be started under some difficulties, owing to the fact that the new school building on the hill will hardly be completed by that time, and considerable crowding will be necessary. Prof T. L. Pollock will have hard problems to solve in arranging to locate for new pupils until the opening up of the new building, but will make arrangements something after the plan of last year.

One thing that he and others of the faculty will have to decide is how to care for the high school commercial students who will be admitted this term. It is expected that high school will furnish a good sized class for the commercial department, and until the new commercial room in the new building is in shape the department will simply have to be crowded in somewhere.

The board elected one principal. This was Miss Edith Woodhall. She will be stationed at the Ninth street school bulding.

Action was taken to give the superintendent of schools, T. L. Pollock a vacation and he will be at liberty to go at the time he selects.

George S. Might the local dealer was given the contract for supplies, such as pencils and tablets. A concract was awarded to a Pittsburg firm for installing a regeulation of heating systems to be installed at street school building.

J. A. Langdon, architeect for heating systems to be einstalled at the Fifth street and the Second street schools was present and showed plans. Bids will be received within a short time.

RALLY TO BE HELD AT BELLE VERNON

A group rally of the Monongahela group of Baptist Young Peeople's Unions will be held in Belle Vernon on Friday night of this week. A program has been mapped out for the event. An address is to be made by J. C. Nichols on the subject "What is a B. Y. P. U. to a Church?" A debate is to be a feature on the subject "Resolveed, war is more destructive than intoxicating liquors."

ROSCOE AND FAYETTE SCHOOLS PICNICING

A good sized crowd is at Eldora Park today from Roscoe and Fayette city to enjoy the annual picnic and outing of the St. Joseph's congregation of Roscoe nd St. Eusebius congregation of Fayette City. Somewhat elaborate arrangements were made for the event. Special cars were run early this morning carrying picnicers to the park. Rev. P. Maher, who is the pastor in charge of both churches with committees is looking after the details of the outing.

One Killed In Accident

Two Are Seriously Injured When Auto Overturns--"Bob" Abraham Hurt

When the automobile in which they were riding on their way home from Cleveland to Pittsburg struck a rut and rolled over in the [illegible] Petersburg and Enon Valley Tuesday afternoon, Charles P. Neff, aged 30 of Wilkinsburg was hurt so that he died later, Robert Abraham, aged 33. of Uniontown and George F. Beltz, aged 30 of Pittsburg were injured. Neff had his skull fractured. Beltz sustained a badly lacerated scalp and Abraham had his head injured and suffered a fractured right arm. Abraham is well known along the Monongaela valley, being a Pennsylvania Railroad conductor

BAPTISTS TO HOLD PICNIC

Churches of Monongahela Valley to Join in Outing at Eldora Park

PLANS ARE FORMULATED

The Baptist Sunday schools of the Monongahela valley, including all from Library to Belle Vernon inclusive, will hold a picnic at Eldora park on Thursday, July 31, and elaborate arrangements are being made for the affair. At a meeting in Monongahela Tuesday eveening the date for the event was selected and matters discussed relative to arrangements.

The picnic will be one of the first valleey outings ever held at the park and will be somewhat of an experiment. If successful it is likely picnics will be held annually of the kind.

A transportation committee was appointed to consist of one member from each of the Sunday schools represented. Sheridan Roberts of Monongahela was named chairman of a sports committee and a speaker's committee was named. It is the intention to have a band at the park on the day of the picnic. Two speakers will likely be secured.

The Sunday schools that will be included in the picnic arrangements will be Library, Riverview, Monongahela, Donora, Monessen, Belle Vernon and Charleroi.

A BARGAIN TO QUICK BUYERS

I have a bargain in three story business house and dwelling on Fifth street for a quick buyer. Also one lot on McKean avenue between Fifth and Sixth street which will be sold cheap to a quick buyer. Terms made known by inquiring at office of J. C. McKean, Bank of Charleroi building. 300-t3

NEW LAW IMPORTANT

One Elector Permitted to Sign But One Candidate's Petition

IS RADICAL CHANGE

The candidates for municipal officers will find some changes in the primary act, which has just been signed by the governor, which it is important for them to know. Under the old act a qualified elector could sign the petition of as many candidates for a given office as he desired. Under the new set an elector's name can only appear on one man's petition for any given office.

Each candidate must secure the names of ten qualified electors to his petition of the party for which he seeks the nomination. He must make an affidavit to the correctness of the signatures.

If the governor signs the party enrollment law, the best and perhaps the only evidence of the qualification of a party elector would be the register's enrollment list itself which must be completed at least 45 days before the primaries.

Another change from the last primaries is that which makes it impossible for the voters of any precinct to get together in the form of a suggestion meeting and sign one petition for all the different candidates. Each candidate must have a separate petition signed by ten electors, although these electors may be the same persons, where the candidates are for the differeent offices.

SAMUEL M'DONALD, AGED 63, DIES; HAS A SON HERE

Simon Huston McDonald died Tuesday evening at his home near Buffalo in Hopewell township. He was 63 years of age and his death was due to organic heart trouble. Mr. McDonald was born in Richhill township Greene county, where he resided in his younger days. In 1876 Mr. McDonald was united in marriage with Miss Manty Nickeson of Richhill township. Shortly after his marriage Mr. McDonald moved to West Finley township, wheere he moved to Hopewell township. Most of his life was spent in farming but for more than six years he carried the mails between Jacktown, Nineveh and West Alexander. Mr. McDonald was a member of the Enon Baptist church.

Mr. McDonald leaves his wife and six children: John McDonald of Charleroi; Herschel McDonald of Hopewell township; Frank McDonald of Nineveh; Clyde McDonald at home; Mrs. Lucy Andrews of Wellsville, O., and Lizzie a married daughter residing near Buffalo. He was a near relative of Borough Clerk Ira L. Nickeson.

Funeral services will be held at the McDonald home on Thursday at an hournot yet fixed.

Lewis Wentz Hurt.

Lewis Wentz, one of the veteran employes of the Hussy-Binns Shovel company is suffering from injuries sustained Sunday when he fell from a freight train he was crossing to go to work.

PLANNING INSTITUTE

Tri City School Meet Will Not be at New School Building

EDIFICE NOT READY

When te tri-city school institute is held by the Charleroi, Monongahela and Donora schools at Charlereoi the first week of September, a church or an available hall will have to be utilized. It was thought when the arrangements for holding the institute in Charleroi were perfected that the new school building on the hill would be finished in time to permit of the institute being held there. Now the information is given out that the new building will hardly be completed before the first of October, a month too late for institute purposes. It is understood that the committees in charge of the institute have practically settled upon a church as the best place. The program for the affair has practically been arranged.

SEARCH STARTED TO FIND FORMER LIBRARY RESIDENT

Who knows anything of the whereabouts of Samuel Eslin? Information is being sought by relatives, who are of the belief the man met a violent death in the county several yeears ago. Coroner James T. Heffran has received a letter asking him to look over the records of his office and the authorities of Allegheny county have also been appealed to. In neither county is there a record of the death of a man by that name. The letter to Coroner Heffran follows:

Library, Pa., July 9, 1913.

Coroner—Kind Sir:

Can you give me any information about a man that was killed on the railroad near Noblestown; as near as I can learn it was 7 or 8 years ago. The man that I am looking for was about 75 years old. He was tall, high cheek bones, large, blue-gray eyes, his hair was of a light brown shade—he wore it cut straight 'round; he never had his hair shingled. He had a mustache and chin whiskers; a Virginian by birth; his name is Samuel Eslin. His sister is an old lady; she wrote to me to find out for her; he has a good lot of money and she wishes to get the estate settled up and divided among the heirs. The way the people think he is dead and that it was him he had loaned the money to some of the people here; he was prompt to come for the interest; he has not come to collect any interest for several years.

Please write and give me all the information you can & if you have the pictures could I get to see them? I was at Pittsburg but learned nothing there.

Mrs. J. E. Phillips,
Library, Pa., R. F. D.

FOR SALE

An ideal location for residence on Washington avenue, one of the best in town. Now is your chance if you want to live on Washington avenue. Cannot beat it. For full particulars inquire of I. R. Blythe & Son, Might building. Both 'phones. 300-t3

Ask Street be Put in Shape

Council Enjoins Charleroi Water Company to Hasten Lincoln Avenue Work

Council embodied instructions to the Charleroi Water company to put Lincoln avenue in shape in a motion passed [illegible] ed meeting. The water company is completing the work of laying a new main on Lincoln avenue having but little work yet to do. Council desires that the sidewalk be cleaned of dirt and the street put in passable shape.

FAIR DATES ANNOUNCED

Sandy Plains to be the First of Several to be Held Next Two Months

GOOD RACES PROMISED

Dates are being announced for fairs to be held in Western Pennsylvania, Ohio and West Virginia. The first fair will be that at Sandy Plains on July 29, 30 and 31, when good racing is promised. Other fairs will be: Morgantown, W. Va., August 5 to 8; Belle Vernon, August 12 to 15; Youngstown, Ohio, August 19 to 22; Waynesburg, August 26 to 29; Washington, September 1 to 4; Wheeling W. Va., September 8 to 12; Youngwood, September 9 to 12 and Carmichaels, September 23 to 26.

Events are announced for Sandy Plains as follows: Tuesday, July 29, running race, 4 1-2 furlongs, $100; running race, 6 1-2 furlongs, $100; race for horses never before started for money (mixed,) $200; colt race, 3 yeears old anr under (mixed) $200.

Wednesday, July 30, 2:30 pace, $200; 2:20 trot, $250; 2:17 pace $250; mile running race, $100.

Thursday, July 31, 2:30 trot, $200; 2:15 trot, $300; 2:13 pace $300; 3-4 mile consolation race for running horses not winning first or second money in former races, $75.

THE TRIP TO PONY LAND

Yesterday for 20 or more boys was a delightful outing. The contestants saw the best pony herd in the country. The boys must not think because the girls didn't go they are not in the game. They will be dangerous competitors, so hustle. We have published names of contest merchants and now we will publish names of contestants. The boys and girls that are hustling. Leave your names with Charleroi Mail office for Friday and they will be published. Then your friends will know who to save tickets for and will help you. Get your names in and see them in print. Then get out and let your friends see you hustle. This is no cheap outfit, but you can get it cheap. The buggy can be seen at Farmer's Supply Co., 313 Fifth street. The winner will get choice of a number of ponies. What can be more liberal or fair. This is the first chance the children have had to get such a valuable prize so easily, and somebody will get it. Who will it be? 2-t1

CLOSING HOUR S

Pool Rooms and An[illegible] ment Places Must [illegible] at Midnight

ORDINANCE IS P[illegible]

By an ordinance in effect no[illegible] ing been passed and approved [illegible] necessary officers Tuesday night bowling alleys, billiard [illegible] rooms, public dance halls and amusement houses where adm[illegible] are charged within the borough [illegible] its will be compelled to close [illegible] ly at midnight every night [illegible] week. The law is one [illegible] the workers have been endeavori[illegible] get thorugh for some time, [illegible] one of the most important [illegible] taken by council at their adj[illegible] meeting of Tuesday night.

The ordinance was presen[illegible] the ordinance committee, t[illegible] hou[illegible] is understood that it was orig[illegible] outside of that body. It passe[illegible] and second readings and th[illegible] were suspended that it mi[illegible] rushed through on the same. Then President W. R. Gaut of [illegible] and Burgess George W. Rishe[illegible] fixed their signatures, with t[illegible] tests of Borough Clerk Ira L[illegible] son, making the ordinance a la[illegible]

The regulations imposed [illegible] new ordinance are that it shall [illegible] lawful for "bowling alleys, [illegible] rooms, or pool rooms, public [illegible] or dance halls or public amu[illegible] houses where admission is c[illegible] to be operated, run or kept op[illegible] business between the hours of [illegible] o'clock midnight and 7:00 o'cl[illegible] m."

Twenty-five dollars of a pen[illegible] provided for violation of the [illegible] ance. It is asserted that in th[illegible] pool and billiard rooms and [illegible] places where people congregat[illegible] been kept open until early i[illegible] morning. Complaints have [illegible] made.

The ordinance as it was pass[illegible] not been taken to mean that [illegible] dances must be discontinued [illegible] midnight, but that public [illegible] where admission is charged a[illegible] be affected.

Borland's Store.

Will hold the biggest bargai[illegible] ever known in the valley, M[illegible] gahela, Pa. See advertisement

LEAVES ON EXTENSIVE TRIP THROUGH

L Collins, the Fallowfield [illegible] clothier has left for the east to [illegible] chase stock for his new depar[illegible] store which will be open for [illegible] ness September 1. During his [illegible] which will be for fifteen days, [illegible] Collins will be in New York, Bo[illegible] Baltimore, Philadelphia, Bu[illegible] Rochester and Cleveland. The [illegible] which will be purchased by [illegible] Collins will consist of millinery [illegible] dies suits, coats, waists and child[illegible] ware and will be of the highest [illegible] ity. Mr. Collins' experience in [illegible] clothing business enables him t[illegible] a good judge of quality and [illegible] his new store is opened to the p[illegible] they can rest assured that what [illegible] their purchases may be they will [illegible] the full benefit of the money exp[illegible] ed.

Everybody Going.

THE VALUE OF A SEALER.

Advance figures of the first annual report of County Sealer O. Evans Mikesell are being published this week. Approximately 7,000 pieces of apparatus in Washington County weere tested by Mr. Mikesell, and because of his efforts he has won general commendation. The following is the editorial praise given him by the Washington Observer:

"One year ago when a Sealer of Weights and Measures was appointed for this county by the board of commissioners there was some appreension as to the advisibility of the county adding this expense to the conduct of its administration.

It was believed by some that there was not sufficient fraud from the giving of short weights and measures as would justify the expense in the creation of such a department and the salary of a sealer.

The year's record, as shown in the preliminary report by Sealer O. Evans Mikesell however, more than justifies the action taken by the board of commissioners and vindicates their judgment of the need, as well as the service rendered by the sealer himself.

That an immense amount of work has been done the report shows conclusively and it is even more remarkable from the fact that the position was new to the appointee, that he was greatly limited in his expenses and that there was a certain antagonism against him on the part of many, where there should have been co-operation and where there will be in the future.

That over 33 per cent or more than one-third of all apparatus tested, was found to be short shows conclusively that there was need for an inspection and that the consumer has benefited as the result of it.

Just how much has been saved to the people of this county through the work of this office of course cannot be definitely calculated in dollars and cents. Undoubtedly it amounted to many thousands of dollars. The people themselves in various parts of the county testify to this fact. They know that theey are now getting in many instances the amount of goods they pay for, before theey were not and at least one man in every three was being cheated, perhaps not intentionally but his was the loss just the same.

"A public office which renders public service is worth while. And when it has been of benefit to the people, its work should be so enlarged and such co-operation should be given that will make it of even greater service.

"Undoubtedly the office has been handicapped on account of the lack of facilities to go further into a complete inspection of all weights and measures which come under the jurisdiction of this office. It should be possible in the future for this office to render greater serevice and having justified itself and more, in the first year the taxpayers will not complain if the scope of the work is enlarged.

"The Observer is gratified to know that the office has been of value to the people and that it has been conducted in such a way as to reflect credit on the Sealer as well as on those who are responsible for its creation and its maintenance. The splendid endorsement given by the state and national bureaus of the work in this county, speaks well for the county and gives it a unique distinction in a movement which is now national in its scope and importance."

PICKED UP IN PASSING

The other day a young woman who is popular among the younger set received a call over the phone from one of her girl friends.

"Oh, ————, can you help me?" came the query in an anxious voice over the wire.

"Why, I don't know dear. I hope I can. What is it."

"Simply this. I would like to know where you got your white dress done up so beautifully. You know the one you had on the other night. I think it was just too nice for anything, and I would like to get a dress done up the same way."

"You want to know who irons my dresses? Well I don't know that I mind telling you."

"Oh, goody, who is it."

"Why I do my own."

"Oh-o-o-o. Well, I'm sorry I troubled you. O f course, I couldn't ask you to help me. O h, I wish—" and her voice trailed off into a disconsolate sigh.

"Well, thank you. Good-bye."

"Good bye."

Mark Twain did not cherish a fondness for the average office boy. He had an idea that the genelus was insufferable, and invariably w hen the humorist sallied forth into some business office there was immediate armed hostility between him and the boy.

One day Mark went to see a friend at his office, and the office boy on guard in icy tones, said:

"Whom do you wish to see?"

Mark mentioned his friend's name.

"What do you want to see him about?" came neext from the boy.

Mark Twain immediately froze up, and then with a genial smile he said:

"Tell him, please, I want to ask his hand in holy matrimony."

ELECTRIC SPARKS

They are considering teaching the running of automobiles as a cure for insanity. Automobiling is pretty generally believed to be a cure for sanity.

* * *

An exchange remarks that the Tenth Regiment was at Erie, although some of the Pittsburg folks couldn't see it. But don't take it so to heart. Whenever Pittsburgers get out into the bright sunlight their eeyes hurt so they have to wear fogged glasses and then they can't see.

UP THE RIVER

Contracts for New Buildings.

Contracts have been signed by the Belle Vernon Construction Co., with Dr. G. E. Nickel and T. G. Brown for three dwelling houses to be erected in North Belle Vernon at once.

Shoot Craps in Public.

It is stated that on a recent Sunday night on Main street, Belle Vernon right under the glare almost of an arc light about 12:30 a crap game was participated in on the porch of the burgess' place of business. They took advantage of the lone policeman who was on duty and on his round in another portion of the town.

To Picnic at Eldora.

Wednesday, August 6, has been set as the date for the Belle Vernon picnic and outing at Eldora Park. The arrangements are under the management of a committee of seventeen, chosen by the different Sunday schools and the civic league.

School Board Elects Officers.

At a meeting of the Belle Vernon school board held on Monday night S. S. Jones was elected president and W. W. Luce secretary, T. G. Brown and J. K. McIlvain declining a re-election to the offices. The First National Bank and the Valley Deposit and Trust Co., were re-elected treasurers.

Had a Run of Hard Luck.

Lewis Gilleland, Jr., of Fayette City appears to be having more than his share of trouble lately. He chanced to be one of those who became ill after drinking buttermilk and had scarcely recovered when he was kicked by a horse. The latter injury inflicted an ugly wound that required the attention of a physician. Lewis has been on crutches since the accident.

Will Have New Theatre.

A new moving picture theatre is in embryo for Roscoe. The Golle building is to be remodeled and a very fine interio. to be placed in for the accommodation of a large crowd.

Election Contest Promised.

A hot primary election contest is promised at California. A burgess, five councilmen, two school directors, assessor, tax collector and auditors are to be chosen. No candidates have yet announced, but there are prospects for plenty of them at the proper time.

Wants New Auditors.

Owing to the failure of the regular auditors to make the borough audit at the proper time the California council passed a resolution to petition the court to appoint M. J. West, Leslie Hornbake and Edward Wiley to audit the public accounts.

506 Pupils Enrolled.

An enrollment of the school children of East Bethlehem township has just been completed and the total number of the four schools numbers 506.

Recording Finger Prints.

Hitherto it has been customary in following up criminal clews, to make a permanent record of finger prints by photographic means. This method, however, has a number of obvious disadvantages. Thus, for example, cases arise in which the finger print to be recorded is not accessible to an ordinary camera. Or again it may be located upon some rounded surface which cannot be properly focused. Dr. Heindl describes one or two new methods which overcome these difficulties. The first method consists in dusting the impression—which is always more or less greasy—with some colored powder, and then expressing against it a paper treated with a mixture of fifty grams wax, fifty grams paraffin, and twenty drops of glycerin. An excelent inverted copy is thus obtained, and as the paper is entirely flexible any kind of a surface can be thus treated. The second method makes use of photographic gelatine paper in place of that prepared as above.

Bad Men Feel Pain More.

Does a bad man feel pain more than a man who leads an honest life? It has been stated apropos the decision of the British house of commons to punish white slavers by flogging, that by a happy provision of nature the skin appears actually to become more sensitive as the moral sense becomes deadened. A doctor said that as a rule those who are criminally inclined bear pain or bodily suffering of any kind extremely badly. Men who are quite hardened on the moral side of their character seem to get more self-conscious about their physical feelings than ordinary men do. A man who is morally lax leads a loose life and destroys his nervous system. He feels pain much more acutely than a man of average temperate habits and a clean conscience.

Until a short time ago, scarcely one person in a thousand had ever tasted a really good soda cracker—as it came fresh and crisp from the oven.

Now everybody can know and enjoy the crisp goodness of fresh baked soda crackers without going to the baker's oven.

Uneeda Biscuit bring the bakery to you.

A food to live on. Stamina for workers. Strength for the delicate. Give them to the little folks.

NATIONAL BISCUIT COMPANY

SOCIETY AND PERSONAL

An Italian from out Maple creek was taken to a Pittsburg hospital Tuesday evening. The police auto was called into service to bring him into town.

Misses May and Ethel Barth and their guests, Miss Maud Wagner and Miss Ody Nicholson of Cumberland, Md., went to Braddock Tuesday afternoon to visit releatives.

Mrs. C. M Malcolm and daughter have gone to Cadiz, Ohio to visit relatives.

J. B. Brannagan, former postmaster of Charleroi, who is engaged in the glass business in Los Angeles, Cal., after spending a few days in the east on business has left on his return trip.

C. E. Piper went to Greenburg today.

The Sunday school class from the Methodist Episcopal Sunday school taught by Miss Myrtle Murray with a few friends took a trip into the country near Twilight Tuesday and enjoyed a picnic.

Miss Esther Connelly has left on a vacation trip to Conneaut Lake and other points.

LET US KEEP YOUR CASH ACCOUNT

Don't bother with a cash account and pay out money constantly in small amounts without taking a receipt—it's too much trouble and you are liable to lose track of a number of these small expenditures.

You can facilitate matters by having a checking account with this bank and pay your bills and make your purchases by check. Your checks are undisputable receipts and they furnish you with a record of every business transaction—and the bank keeps your cash account.

BANK OF CHARLEROI

Charleroi, Pa.

ELECTRICITY TO AGE CHEESE

Hollander Announces Complete Success of Most Important Experiments He Had Undertaken.

Another use has been found for electricity, that of aging cheese. An industrial electrician of Rotterdam, Holland, through a long series of experiments found that he could take an absolutely fresh cheese and in one day actually "age" it two years. In other words, by means of electricity he would make this fresh cheese have all the consistency, taste and appearance of a fine cheese that had been stored away and carefully aged for two years.

He takes a fresh cheese and subjects it to an alternating current. At the end of twenty-four hours of constant alternating electrical currents through this cheese, it possesses all the properties of a fine two-year-old cheese.

This has naturally aroused great interest in Holland, where cheese-making is one of the big industries. It is said the electrician claims he can do many other things with cheese by means of electricity, including an apparatus that will enable the manufacturer to so graduate and direct electrical action of this nature as to give cheese any taste desired and any consistency that may be needed to supply the wants of a fastidious market

Incendiary Bullet.

Tests nave been made in Germany with a special projectile which is intended to repel dirigibles and which is designed not only to pierce a gas envelope but also to set fire to the gas. This projectile, fired from the old German rifle known as "model 71," which has a caliber of 11 millimeters, is provided with little wings that open in flight under the influence of a spring, compressed while the projectile is still in the rifle barrel, but expanded as soon as the muzzle is passed. An ordinary bullet leaves such a small hole in an envelope that the gas escapes through it but slowly. The wings on the improvel bullet tear a hole of appreciable size in the fabric. What is more, they retard the bullet sufficiently to cause a friction device to ignite fulminate contained in the bullet. It is said that experiments conducted at Neumannswald gave encouraging results.—Scientific American.

Lifeboats on Guide Rails.

Commander Eaton, R. N., has invented an interesting device for the lowering of boats at sea with the minimum of danger to passengers, which is now under the consideration of the board of trade, according to a London dispatch. Commander Eaton has devoted considerable attention to the subject and has a practical knowledge of boat work at sea.

His system is the provision of lifts down the side of the ship, so designed that the boat rests on a platform which slides down guide rails fixed to the ship's sides. The boats themselves swing on gimbals, so that no matter at what angle the ship may swing the boats remain upright and there is no danger of their being overturned while descending or of being dashed against the sides of the vessel.

Politics.

By placing the proper number of coins in the slot the political machine may be operated.

New Roofing Material.

A new roofing material is steel coated with lead.

English Humor.

He who laughs last is an Englishman.—Princeton Tiger.

NORTH CHARLEROI

Mrs. Charles Brumage of Dubois, is visiting friends here.

Miss Katherine Maxon of Roscoe visited Miss Clara Crispen. week.

Mrs. William Dunham and daughter Helen and son Charles have returned from Grindstone

Frank Meechem of Brownsville visited his sister Mrs. John Cope of Allenport.

Miss Anna Ashton of Allenport and brother Harold of Roscoe visited Mrs. Charles Harris this week.

Mrs. Lee Hanley returned home after visiting relatives in Pittsburg.

Miss Sarah Hennings was in Pittsburg this week.

Misses Ruth Geho and Blanche Cratty are visiting Mrs. James Small at Belle Vernon.

Mrs. Hiram Foulks has returned from a visit with her parents, Mr. and Mrs. John Gimbert at Adrian, Mich.

Mr. and Mrs. Charles Herb and daughter of Beaver Falls are guests of Mrs. G. J. Bell.

E. Basworth is home from a Lake Erie fishing trip.

Mrs. Patrick Lee was at Bruceton, this week.

Mrs. E. K. Baily of Donora visited Mrs. J. C. Waltz this week.

Guests of Mr. and Mrs. John Kraus Sunday were Dr. G. B. Franks, Mr. and Mrs. Joseph Greggg of Coal Centre, Mrs. Joseph Hornbake and Miss Margaret Hornbake, Mr. and Mrs. Morrison West of Califonia.

Mr. and Mrs. H. Bookers of Donora visited Mr. and Mrs. Charles Fortney this week.

Mrs. Esther Keenyon of Tray and daughter Miss Julia of Beaver Falls are guests of Mr. and Mrs. George Kenyon.

Mr. and Mrs. Jacob Gulentz and children are visiting Mr. and Mrs. A. G. Watters of Rices Landing.

Misses Loretta Rader and Margaret O'Neil of Port Perry are visiting the former's sister Mrs. Chardes Crabb.

Miss Zoe Hayes returned home to New Castle after visiting her cousin Mrs. George Kenyon.

COL. COULTER TO BE WEDDED SOON

Society is agog over the announcement of the approaching marriage of Miss Matilda Bowman, daughter of M. H. Bowman, cashier of the Second National bank of Uniontown, to Col. Richard Coulter of Greensburg, head of the Coulter interests in Westmoreland county, president of the First National bank of Greensburg and colonel of the Tenth regiment.

The Monessen man who shot his daughter and then himself was considerate enough to move away before he committed the crime. The queer part is that he found it necessary as far back as a year ago.

We can hardly agree that the cubist art is altogether confined to the futurists. The come-seven-come-eleven variety is bowed low with age.

A Serious Obstacle to Good Telephone Service

Get the right number—don't guess.

Perhaps you occasionally get the wrong number when you make a telephone call. Do you blame the Telephone Company?

Now is there any chance that you were wrong?

Many mis-directed calls are due to the subscriber speaking indistinctly or calling the wrong number. Memory cannot always be trusted.

When calling, speak distinctly, giving each figure of the number with clear enunciation.

And—first, last and always—consult the current issue of the Bell Directory.

See if this doesn't help.

The Bell System

Notice to Bridge Contractors.

Sealed proposals for the construction of the following County Bridges will be received by the County Controller at Washington, Pa, until 12 o'clock noon July 21st, 1913, and opened at 1 o'clock p m. of the same day. Proposal blanks and specifications are on file in the County Engineers Office and will be furnished on application.

No 1 Coal Bluff Arch over Coal Bluff Run in Union Township, is to be a reinforced concrete arch of 8 ft. span and 58 ft. long.

No 2 The Central Avenue Bridge over the Chartiers Creek in Canonsburg is to have a new Creosoted wood block floor requiring 153 sq. yds. more or less of driveway and 117 sq. yds. more or less of sidewalk.

Each bid must be accompanied by a certified check in the sum of $200.00 or a surety company bond for $400 00.

The right is reserved to reject any or all bids

JOHN H. MOFFITT,
County Controller.

Chaney & Armstrong,
County Engeneers.

Effective Home Remedy for Tuberculosis

It is a serious matter when the lungs are affected. A trip away or to a sanatorium is not only expensive, but it involves separation from home and friends. Some are benefited, but few can safely return. Eckman's Alterative is effective for home treatment. For example:

231 S. Atlantic Ave., Haddonfield, N. J.

"Gentlemen: In the fall of 1905 I contracted a very severe cold, which settled on my lungs. At last I began to raise sputum, and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alterative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now five years since my recovery has been effected, and I cannot praise Eckman's Alterative too highly. I have recommended it with excellent results."

(Signed) W. M. TATEM.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

W. F. Hennings' Druggist.
